

When you have logged into your account it is very important that you first set your member PIN. This PIN is very important for your future training with us. This will be used for verification purposes for using your sessions in the club. **It is also very important that this PIN is kept confidential and not shared with anyone.**

To set your PIN log in to your www.gympayment.com account and click on the Manage Profile tab at the top of the screen and select the Password/PIN dropdown.

This will then bring up a window where you can change your Password and set your member PIN. This must be a four (4) digit number and cannot begin with a zero (0).

The left form is titled 'Change Password' and has three input fields labeled '* Current Password:', '* New Password:', and '* Confirm Password:', each followed by a 'Save' button. The right form is titled 'Update PIN' and has two input fields labeled '* PIN:' and '* Verify PIN:', each followed by a 'Save' button. The 'Update PIN' title is highlighted in yellow.

Once your PIN has been set it will give you the message below

A screenshot of the 'Update PIN' form. At the top, there is a green banner with the text 'Your PIN has been saved.' Below this, there are two input fields labeled '* PIN:' and '* Verify PIN:', each containing four black dots. To the right of each input field is a question mark icon. A green 'Save' button is located at the bottom right of the form.

Once this message has been received your PIN is now set and is ready to use on your account.
